Chole Madison "Maddie" Butt was enrolled at Grace UMC Child Development Center on Oct. 1, 2001. ~~She~~^{M.D.} Maddie was a happy baby, who appeared to be clean and well nourished. Maddie ~~she~~^{she} smelled heavily of smoke when she was brought in by her mother. Maddie was also a little overweight. Maddie never showed signs of abuse. The daycare staff members do morning health checks at which time they document any bruises or marks on the children. There were never any marks on Maddie. Maddie was often the last child to be picked up from the daycare and was occasionally picked up after closing time. Maddie's grandparents appeared to be very loving and concerned. I saw nothing unusual in the interaction between Maddie and her mother Becky. Maddie had a very bad cough on 2/21/02. I did think that it was a little unusual for a mother who
